REQUEST FOR REFUND OF APPEAL FEE

Dear Sir:

Applicant hereby requests a refund of the \$500 fee paid with its Notice of Appeal of August 15, 2005, under 37 C.F.R. § 1.26 because the Examiners took back the application to re-review their prior work and re-issue an Office Action before Applicant could pursue an Appeal. In short, the Examiners recognizing their prior error(s), usurped the Appeal before Applicant could pursue it. For these reasons, explained more fully below, a refund is justified and appropriate.

On August 3, 2005, the Examiners issued an Office Action, made final, for the above case. Upon review, counsel noted the Examiners had not even read counsel's prior response.

As a result, on August 15, 2005, Applicant filed a Reply to Final Office Action Mailed August 3, 2005, explaining to the Examiners their gross error and unsatisfactory handling of the application and the need for an Appeal. Applicant simultaneously filed a Notice of Appeal to the Board of Patent Appeals and Interferences and paid the required \$500 fee. Applicant's Reply specifically stated:

Attached is a Notice of Appeal filed for the present case and filed simultaneously with the present Response. Upon review of the Examiner's most recent Office Action, Applicant is of the firm belief the Examiner failed to read, let alone consider, Applicant's prior Response to the March 31, 2005 Office Action. The

Examiner's cursory handling of the present application without due consideration makes the present Appeal necessary.

Specifically, the Examiner ignored Applicant's revised claims and arguments, cited inapplicable law and parroted the prior Office Action without thought. It is clearly evident by a cursory review of the Action, made Final, that little attention or care went into the review of Applicant's prior Reply. For example, the Examiner continues to misread and misapply Holderegger; the Examiner cites *St. Regis Paper Co. v. Bemis Co.*, 193 U.S.P.Q. 8 (7th Cir. 1977) for a proposition that is not set forth in the case, a case which appears to have several propositions no longer recognized by the Court of Appeals for the Federal Circuit; the Examiner also cites *In re Leshin*, 125 U.S.P.Q. 416, (CCPA 1960) and extrapolates and applies it incorrectly to the alleged proposition; the Examiner states in paragraph 3 that Claims 3, 7, 16, 20, 31 and 35 are allowable when they are not even pending; and, the Examiner's only Response to Applicant's arguments is the boilerplate statement (in paragraph 6) that such arguments "have been considered but are moot in view of the new ground(s) of rejection" when there are, in fact, no real new grounds for rejection.

Accordingly, Applicant believes it is necessary to bring the above actions and inactions to the attention of the Board wherein they may be addressed and due consideration to Applicant's application may be had.

On September 14, 2005, counsel discussed the situation with the Examiners. The Examiners apologized for the handling of the application and acknowledged the rejections maintained in the Final Office Action were improper. The Examiners also advised they would issue a new office action thereby making an Appeal – at this time - unnecessary. (See Exhibit A).

The Examiners unilaterally usurped the Appeal before Applicant could proceed with it. No brief had been presented. Therefore, Applicant believes a refund in the amount of \$500 is in order.

Applicant hereby requests a refund of the \$500 Notice of Appeal fee to be credited to Deposit Account No. 23-0280.

Respectfully submitted,
